

## Three Dating Profile “Tweaks” to Consistently Attract Quality Guys

Most women don’t have great online dating profiles. And, unfortunately, because of that they attract all the wrong kind of guys – non-committal types, endless “chatters,” sex hounds, you name it.

A *great* online dating profile weeds out the crap and piques the interest of the exact kinds of men *you* want to meet. Not only that, you inspire them to *actually meet in person and see if there's a connection*.

These three simple tweaks will help you transform even the worst profile into one that brings quality guys into your life.

### Tweak 1) Go Positive, Not Negative

The biggest faux pas of dating profiles is focusing on what you *don't want*. When you go on and on about negatives, you’ll attract exactly that.

A line like, “I’m not looking for a hookup or someone who plays games or wastes my time,” brings in the guys who want exactly those things. Instead, say “I’m looking for a long-term commitment.” Be explicit about the positive qualities you want in a man and a relationship.

#### Quick Checklist for Profile

- \_\_\_\_\_ Remove references to what you “don't want.”
- \_\_\_\_\_ Describe the type of man that interests you.
- \_\_\_\_\_ List the values you want in a committed relationship.

### Tweak 2) Change Out Your Photos

Your profile photos say more than a thousand words about you.

They directly influence the type and quality of men you attract. Compromising photos lead to shady guys. Pictures of you smiling or laughing in a genuine way lead to commitment-oriented men.

Take out the photos that might give the wrong signals, and replace them with photos that celebrate who you are and what you want out of life. Trust that you are enough, and the right guys will come along.

#### Quick Picture Checklist

- \_\_\_\_\_ Remove suggestive photos
- \_\_\_\_\_ Genuine smile/laughing
- \_\_\_\_\_ Actively enjoying life (show your style of life)

### Tweak 3) Be Yourself

Standing out in a wide sea of singles requires a little finesse. You want guys to immediately see who you are, what makes you special, and why they should get in touch with you.

Rather than copying other people's profiles or using pre-packaged blurbs, simply be yourself. Share the areas of your personality that are unique to you. Be open and honest about what's fulfilling in your life and your hopes and dreams, and you'll be surprised by who will identify with you and want to reach out.

As always, stay focused on the positive.
